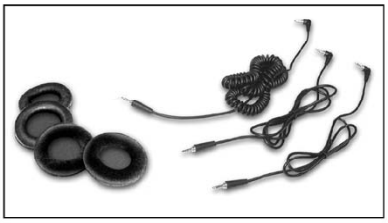
Numark

PHX Headphones

Product Overview



Product Description
PHX premium headphones incorporate an isolating, closed-ear design with 50mm neodymium magnet drivers for very high output. PHX comes with two styles of interchangeable ear pads and three types of cables.

A special two-part ear cup design incorporates a rubber/silicone casing for a comfortable and secure fit when resting between ear and shoulder while cueing. PHX headphones are also foldable and come in a premium hard carrying case.

Positioning
The new standard in pro DJ headphone technology, providing the cleanest, loudest sound, and the most versatile and durable performance

Applications
Club and mobile DJ headphone monitoring
