DeskMAX™

Stand-mounted Acoustical Panels

Total Sound Control® Since 1977
Auralex® acoustics
www.auralex.com

Features:

- Portable nearfield acoustic treatment
- Improves low-frequency monitoring accuracy
- Helps with insufficient rear-wall trapping
- Excellent behind nearfield monitors
- Perfect for voiceover work, podcasts and more!
- Loved by top engineers!

The **Auralex® DeskMAX™** is designed as a portable, lightweight, highly effective absorption treatment for run-and-gun recording, mixing & performance applications. Equally appropriate in the studio, classroom, or home office, the **DeskMAX™** can be used anywhere boundary-mounted acoustical treatments aren't feasible or desired.

"The flexible DeskMAX™ is perfect for recording, podcasting, voiceover, home office and more!"

DeskMAX™

Stand-mounted Acoustical Panels

The new **DeskMAX™** from **Auralex®** is a completely portable and variable device that can be used in a variety of applications. The pair of 2'x2'x3" **Studiofoam®** panels mount to the included desktop stands and can be used to tame unwanted reflections in recording studios, broadcast booths, classrooms, podcasts, home offices and more.

DeskMAX™ is an ideal solution for musicians or voice over professionals working in rented spaces where boundary-mounted acoustical treatments might not be feasible. The flexible, expandable and affordable **DeskMAX™** is a great tool for any musician, recording professional, producer, voiceover or podcaster!

DeskMAX™

- Helps clarify and focus sound in any environment
- Proprietary Auralex formulation lasts & lasts
- Expand your DeskMAX setup as your needs change
