

A close-up photograph of a male musician performing on stage. He is wearing a dark shirt and is captured in the middle of singing, with his mouth open and eyes closed. He is holding a vintage-style silver microphone in his right hand and a light-colored acoustic guitar in his left. The guitar has a dark pickguard and a decorative ring around the soundhole. The background is dark with some stage lighting visible.

The new Fishman F1 Aura® features the stunning realism of award-winning Aura Acoustic Imaging technology in a distinctive and easy to use onboard preamp system. The heart of this onboard intelligence is its ability to replicate the sound of nine different world-class studio microphones. Delivered in an intuitive menu-driven interface that is very versatile with controls placed in perfect position for total ease of operation while performing.

Sleek modern neck design with a durable satin finish.

Patented mortise and tenon neck joint.

Stunning combination of blue paua pearl and wood fiber inlays border the soundhole.

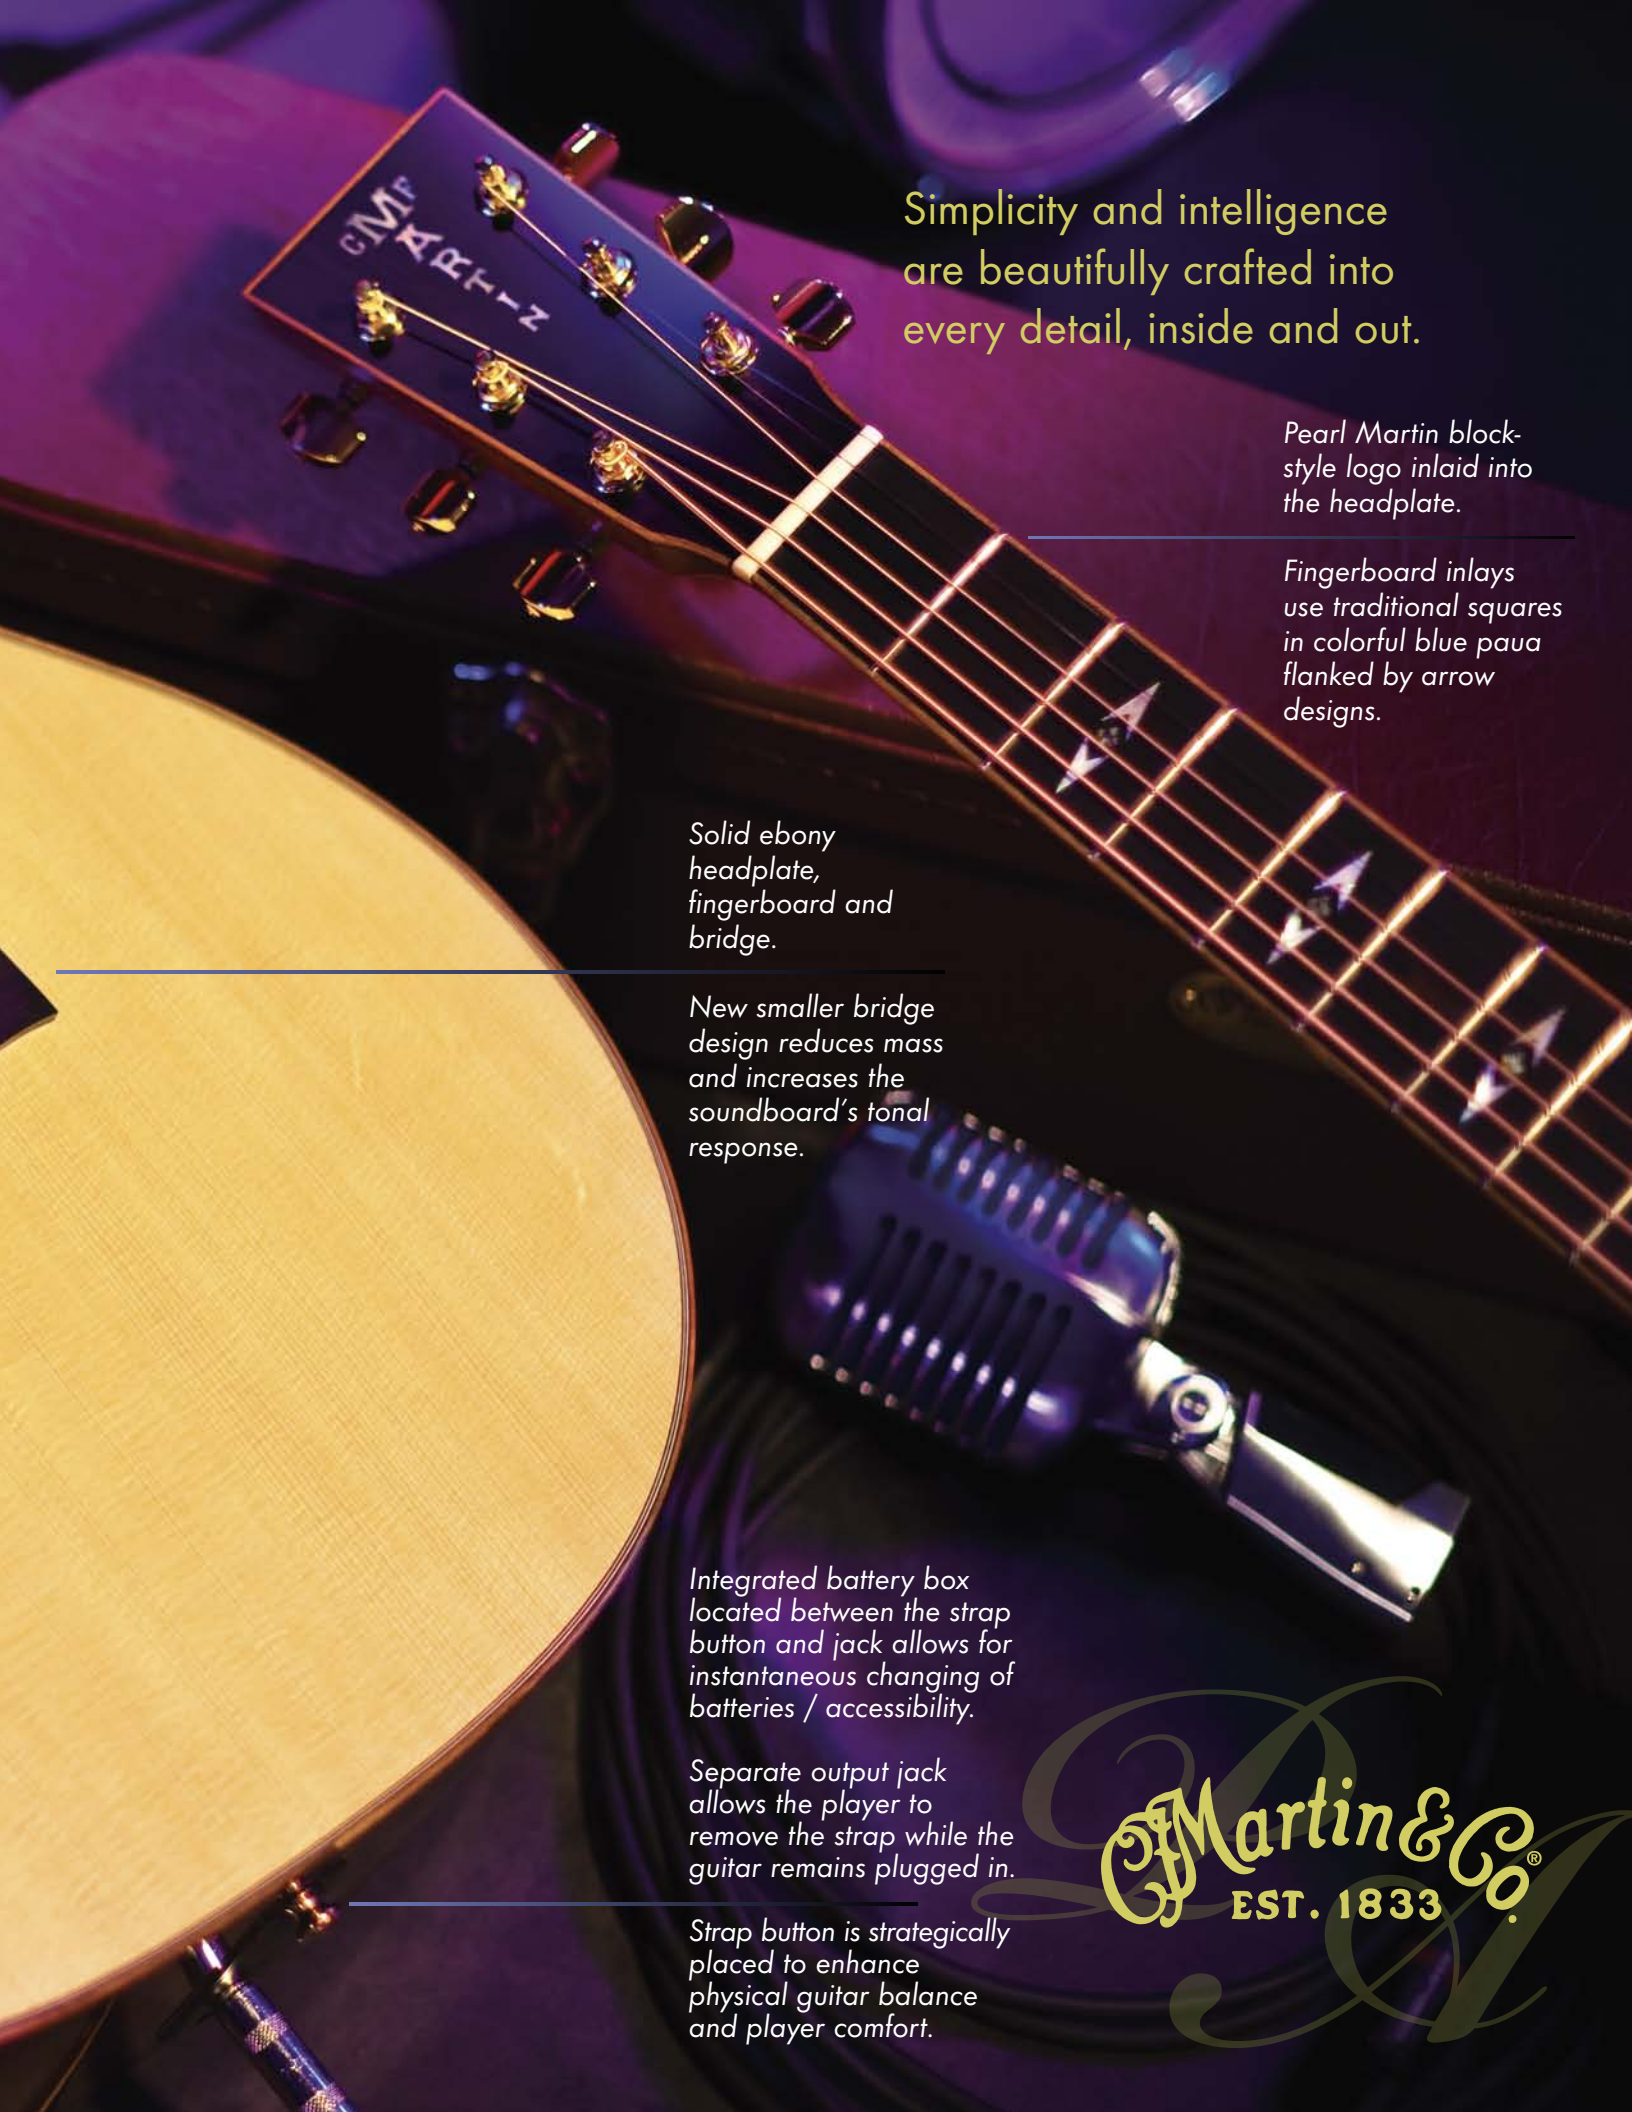

Wood binding perimeter the entire body, neck and headplate.

Equipped with Fishman's all-new onboard sound reinforcement system, the FI Aura®.

Solid East Indian rosewood back and sides.

Solid Sitka spruce soundboard with hybrid scalloped bracing.

Finely polished gloss lacquer highlights the body's beauty.

Simplicity and intelligence  
are beautifully crafted into  
every detail, inside and out.

*Pearl Martin block-  
style logo inlaid into  
the headplate.*

*Fingerboard inlays  
use traditional squares  
in colorful blue paua  
flanked by arrow  
designs.*

*Solid ebony  
headplate,  
fingerboard and  
bridge.*

*New smaller bridge  
design reduces mass  
and increases the  
soundboard's tonal  
response.*

*Integrated battery box  
located between the strap  
button and jack allows for  
instantaneous changing of  
batteries / accessibility.*

*Separate output jack  
allows the player to  
remove the strap while the  
guitar remains plugged in.*

*Strap button is strategically  
placed to enhance  
physical guitar balance  
and player comfort.*

*Models feature a more parallel neck profile with a slimmer taper at the 12th fret, giving the guitar comfortable width in the first few frets plus a faster feel for lead work.*

*Satin finish neck and smooth cutaway provides extreme ease of play up and down fingerboard.*

*Awesome playability!!!*

Play the **Performing Artist Series** and you'll experience something unique: legendary Martin tone with a major evolution in onboard electronics for an extremely powerful sonic signature. Martin craftsmanship and premium quality materials are evident in every detail. Integrated with striking aesthetic features, player comfort, and of course the tone is exceptionally sweet.

OMCPA1

GPCPA1
