

MPK49

SEMI-WEIGHTED KEYBOARD WITH 12 MPC-STYLE DRUM PADS

THE NEXT GENERATION OF USB/MIDI PERFORMANCE CONTROLLERS.

Maximize musical ideas on-stage or in a home studio setting with the new Akai MPK49 performance controller. The Akai MPK49 ushers in a new era for USB/MIDI controllers by combining a high-quality, 49-key, semi-weighted keyboard with aftertouch and 12 MPC-style drum pads. 48 total pads are accessible via 4 pad banks. The pads feature popular MPC Note Repeat function and Swing parameters, and the Akai MPK49 performance controller has its own arpeggiator, for creating quick, creative riffs in seconds.

The Akai MPK49 features MPC-style Full Level and 12 Levels functions on its pads, and MPC Swing can be applied to both Note Repeat and Arpeggio functions. Tap Tempo and time-division buttons allow for real-time control of Note Repeat and Arpeggio clock speeds. The Akai MPK49 delivers an amazing 72 assignable controls, with assignable inputs that include an expression pedal, footswitch, pitch bend and modulation wheel.

Discover the next generation of USB/MIDI controllers. Step up to the Akai MPK49.
