Holy Grail Reverb

- DESCRIPTION -

The Holy Grail is Digital Reverb in a compact guitar pedal. It contains three different reverb algorithms: **SPRING**, **HALL** and **FLERB**. All three algorithms were designed and tailored for the electric guitar but they will work equally as well on most instruments and voices. The **SPRING** algorithm is a recreation of the classic spring reverbs that are found in many guitar amplifiers. The **HALL** algorithm is a new, lush reverb. Finally **FLERB** is a beautiful reverb like nothing you have heard before and may help you play your instrument in new ways.

WARNING: Use only the 9V DC/500 mA AC adaptor the Holy Grail comes supplied with. Do not use any other AC adaptors. Using other AC adaptors (even those made by Electro-Harmonix) could cause harm to the unit, the adaptor or you. The Holy Grail does not take batteries.

- OPERATING INSTRUCTIONS -

Connect your instrument into the **INPUT** jack and your amp into the **OUTPUT** jack. Plug the AC adaptor into the 9V DC/500 mA jack and then plug the AC adaptor into a wall outlet.

The **STATUS** LED indicates when the effect is switched on. The footswitch engages and disengages the Reverb effect.

The **REVERB** knob acts like a Wet/Dry control. As you turn the **REVERB** knob clockwise you will hear more reverb and less of your dry instrument. The Holy Grail is designed so that as you turn the **REVERB** knob from its minimum position to the 12 o'clock position you will hear a subtle amount of reverb added to the output. As you turn the **REVERB** knob from 12 o'clock to its maximum position the amount of reverb you hear will increase dramatically. It is designed this way so musicians can hone in on just the right amount of subtle reverb added to their instrument's signal.

The Slide Switch chooses between the three different reverb algorithms.

- WARRANTY INFORMATION -

Please complete and return the enclosed warranty card within 10 days of purchase. We will repair the unit for free within one year of date of purchase. If you should need to return your unit for service within the warranty period, please include a brief description of the problem as well as your name, address, telephone number, copy of your receipt, and a check or money order for \$5.00 shipping and handling to:

Electro-Harmonix
C/O New Sensor Corporation
32-33 47th Avenue
Long Island City, NY 11101
Att: Service Department

Please make checks/money orders payable to New Sensor Corporation.
