

Super-smooth workflow, super-sized sound palette

Get our do-it-all groovebox before April 30 and we'll throw in a load of free Expansions of your choice. Expansions are genre-specific packs created by top artists and sound designers and loaded with synth presets, drum kits, one-shots, samples, and loops.

Maschine Mikko

Get three Expansions

Whether you're on the road, or lacking loads of space, Maschine Mikko is your flexible, creative companion. 16 full-sized pads and total control of all Maschine performance features give you the same easy workflow with a sleek, compact design, for beat-making in the studio or on the go.

Maschine

Get six Expansions

Maschine MK3 is hardware and software working together in perfect tandem. Free-play beats with the 16 pads, craft patterns using the powerful sequencing engine, or add the finishing touches to your sounds with a host of mixing controls and creative effects. Intuitive control features allow you to do everything in one place, with a workflow that lets you focus on the music.

Maschine+

Get nine Expansions

Maschine+ is a synth, sampler, sequencer, drum-machine, and more, all packed inside a standalone production instrument. It comes with a huge range of instruments and effects, including Massive, FM8, Monark, and Raum, all within a single, embedded hardware device. All the sounds you could possibly need, minus the computer.

How it works

Register your Maschine serial number in Native Access or follow the on-screen setup guide if using Maschine+. You'll receive an email that includes voucher codes to use for Expansion of your choice, as well as tips and tricks for getting started.

About Expansions

Expansions are genre-specific packs that work with a range of Native Instruments products and can be used in any DAW. From soulful hip hop to liquid drum and bass – whatever genre does it for you, there's an Expansion to do it with. Get drum kits for Battery and Maschine and customizable presets for synths like Massive, Monark, Prism, and more. Maschine owners also get exclusive effect chains and editable patterns, plus Drum Synth and Bass Synth presets.
